

EASTERN SIERRA ALE TRAIL

The Eastern Sierra Ale Trail stretches from Bishop to Bridgeport along scenic US 395. **How it works:** Have each brewery sign off using the map provided on the back. Start anywhere, end anywhere. Once you've visited all six locations, submit your completed map at any brewery for an Eastern Sierra Ale Trail patch.

DRINK RESPONSIBLY – Don't even think about drinking and driving. Make a safe plan to trek the trail with a sober driver behind the wheel or separate your visits into different days, months or years!
